FURAVERI
MALDIVES

Alles neu im neuen Jahr! Aus Furaveri Island Resort & Spa wird Furaveri Maldives mit neuem Logo, neuen Beach Villen und neuem Spa- & Wellness Dorfkonzept,

Wir freuen uns über die Verjügungskur von Furaveri Island Resort and Spa rechtzeitig zur Weihnachtszeit ankündigen zu können!

Mit 33 neu erbauten Villen und weiteren Aufwertungen, die im November dieses Jahres abgeschlossen werden, haben wir uns zu einem Vier-Sterne-Luxus-Hotel namens Furaveri Maldives umbenannt.

Inspiriert von den Farben des Meeres und der maldivischen Sonne unterstützt unser neues Logo die neue Markenidentität von Furaveri Maldives.

Furaveri ist nicht nur für seine üppigen Meeresökosysteme bekannt, sondern wird auch das erste Wellness-Dorf auf den Malediven beherbergen. Dieses lokale Dorfkonzept beherbergt einen friedlichen Zufluchtsort mit alten Heilmehtoden, die die Gäste in dauerhafte ganzheitliche Erfahrungen eintauchen lassen. WELLNESS VILLAGE
AT FURAVERI MALDIVES

a holistic living...

OUR PHILOSOPHY

Create balance for your Body, Mind & Spirit in our local Village concept to achieve the highest potential of well-being for your health. There are three Elements that are essential components in achieving and maintaining a state of our well-being:

Proper Exercise | Proper Relaxation & Meditation | Proper Nutrition

Our holistic wellness health care approach considered with ***three elements: BODY, MIND & SPIRIT*** and focused on how they work together to make us whole as a person. According to these three elements our Wellness Village is derived from: Sports, Yoga, Meditation and Fitness, we combine your wellness experience with a selection of holistic Asian and Maldivian traditional treatments, as well as the healing practices of Ayurveda and Wellness healthy Cuisine.

It is important to remember that living a holistic lifestyle is a fluid, proactive and an ever-changing process. It is not something that you do for a week or a month to achieve long lasting results. We will teach you how to bring this into your everyday life with new healthy habits and homecare programs.

OUR CONCEPT

Our Wellness Village is built around a unique local village concept and traditional Asian holistic health care which will create balance for your Body, Mind & Spirit. You will find yourself in a serene world of delicate scents with a comprehensive range of facilities set in a beautiful rustic looking Wooden & Bamboo interior. Each village pavilion is set within lush gardens & vegetation, surrounded by gentle white shores, tropical life and nature. A series of intricate walkways amidst a pond abundant with tropical fish and water lilies connect the different areas within the village.
